

REDUCE CLEANING TIME BY AS MUCH AS 80%

MOLD REMEDIATION

Cold Jet dry ice blasting accomplishes 100% mold spore removal from wood, and is three times faster than traditional cleaning methods. Cold Jetting provides complete removal even in the tight angles of trusses, around nails, wiring and all plumbing without damage.

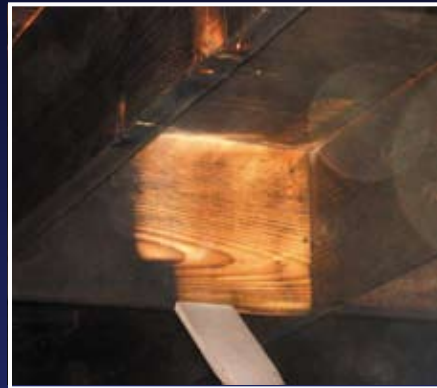

Cold Jet dry ice blasting removes 100% of mold spores from wood.

- 24/7 technical support
- Environmentally friendly
- No secondary waste
- Chemical free process
- 100% removal of mold spores
- Removes odor after fire damage

FIRE RESTORATION

A fire can cause soot, smoke damage and charring to wood, brick, concrete and metal. This type of damage is unsightly and holds odor. Traditionally, the removal method has been sanding, scraping and wire brushing. With Cold Jet, this long and tedious process can be eliminated.

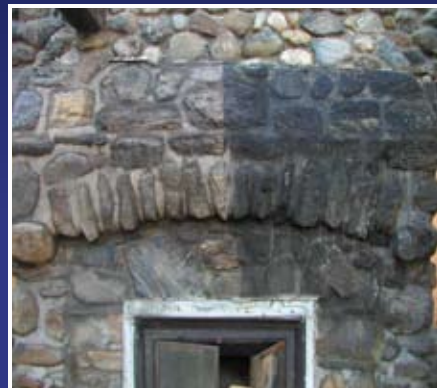

Cold Jet completely eliminates odor, typically within 24 hours of blasting
